PROFIT GETTING ON THE FARM

Never before in a half century have there been such possibilities for profit in farming—never before were prices of farm products so uniformly high. But the farmer who gets the big profits must PRODUCE—and utilize to the best advantage all he grows.

This is the day of the Silo, the Grain Bin, the storm-proof Barns, the Implement Shed—proper storing and housing equipment for the modern farm.

Get YOUR share of today's—and tomorrow's—farm profits! Build NOW the structures you need. Their cost is trivial compared with their earning capacity.

You will be surprised how inexpensively you can supply your farm building needs. It will pay you to get some of our FREE booklets on building, with working plans of bins, implement sheds, barns, etc.

Make it a point to visit our yard the very next time you are in town.

AMERICAN LEAGUE HAS EDGE ON NATIONALS IN ANNUAL CLASSIC

NEW YORK, Sept. 2.—Regardless of the outcome of the coming World Series the lead secured in recent years by the American League teams is sufficient to hold the National League in check, though the senior league standards were to capture the banner in the easiest possible task. The clash of 1918 will be the second in under the auspices of the Commission and of the trustees which are now part of the directors. American League clubs have eight, while five have been in the National. Last year's first victory by a National was the record performance of the Boston players in 1915. Braves swept the Philadelphia team before them in four games, which caused the destruction of the famous rock baseball machine. At that time the record for the series was held by the Nationals of 1907. In that year, led by Frank Chance, Detroit Americans, four gone, but the series requirements, as the opening game in a 3 to 3 tie.

But one other series developed a game. This occurred in the meeting of the New York Nationals and the Boston Americans in the memorable conflict of 1912. This series, which still holds the record for number of games, attendance and gate receipts, went full eight contests before the Boston Red Sox emerged victors. More than a quarter of a million fans attended the games and the gate receipts were a little more than \$100,000, and each player of the winning team received \$4,000, while the losing team, the Giants, found a balm in their defeat in the fact that their end of the money amounted to \$2,566 per man.

Although the American League teams hold a safe margin in series won the total in games and runs is far closer. Of the seventy-two games played in the thirteen series, to date, the minor league team has won thirty-seven and the National League二十四, while two ended in ties. The lead in runs is almost identical for the American League teams have averaged a total of 214 in the seventy-two games to the Nationals' 239 games.

HOME ECONOMICS CLUBS

WEEKLY LESSON ISSUED BY MRS. J. L. LANDRUM, ORGANIZER AND SUPERVISOR FOR THE STATE DEPARTMENT OF AGRICULTURE OF GIRLS' CLUBS IN HOME ECONOMICS AND CANNING.

Deafened Club Girls

I know you are anxious to know about our State meeting and to know what we were there. Despite the disappointing fact that we did not get our girls in time to announce them officially, we had a wonderful attendance. Eighty members came as far as 150 miles and some from 550 miles distant. Eighteen counties were represented. One of the most wonderful facts was that only seven out of the nearly two hundred had ever attended the convention before. Do you know what happened? The girls who had been with us before upon several occasions stood back and said to those girls, "Send new members, we have been and we know how delightful these conventions are. Let the new members go," and they came.

The program was so full of good features that it will be impossible to tell you of them. We will give it in full in our annual report, then you can read about it. I am sorry that you may not get more pictures, for many cameras and pretty picture features. We tried as you know, at the Baylor University and were delightfully received and entertained. We ate at the wonderful cafeteria and such good things they had to eat. We held our program in their chapel and enjoyed a lawn party on their pretty lawn.

I think one of the program features that delighted the girls most was the construction of dress, which was presented by the firm of Sanger Brothers. The agent Mrs. Pearl Fagg, an expert in proper styles of dress for girls and grown-ups too, who had them with them nine years, in superintendence. We asked for models from the audience, and how we enjoyed seeing those little models all dressed up in their different selections. Mrs. Fagg showed us many beautiful little school models and the girls were busy making notes on when they measured to their homes they could make last season's dress that seemed too small for another year's wear into a new one. Then we had housekeeping and girls, we must all soon make of our bread certificates that the girl must become a good bread maker.

The very best and most enjoyable feature in our program was our military home program. We had a band from Camp McArthur composed of forty men. The audience sang with the band boys. The band gave its selections and readings and it was a delightful program.

The Southwest Division of the Red Cross sent us a wonderful program in the person of Mr. Philip Strode, who spoke upon the International Cross of the Southwest. He finished when he heard our request next day to leave what the Texas had done, especially in this. I presented to Mr. Strode one of the beautiful roses Mrs. Hodson had displayed and read a lovely letter. Hobby wrote in the box.

Lubbock County club girls entertained visiting girls with a very reception at the hotel in which was served and enjoyed. Little Hope Hobson grew up with the club, and instances of all meetings, wonderful readings, and so on. Mrs. Hodson had displayed and read a lovely letter. Hobby wrote in the box.

The girls were invited to the home of Mrs. Hodson, who is a member of our club who also grew up with the club, and only eight or nine years old.

It will soon be over, girls, and we want to get our club activities and be workers. We can certainly help with war movements if in an interest in our club attend our meetings. I trust

every club will recognize fair work, and elect new officers where the old officers go away to school or move out of the community. Please advise me when this occurs so we will go on sending our literature to our present addresses and not know that changes have been made.

Now, with a world of love to you all,

Yours truly,
MRS. J. L. LANDRUM,
Organizer and Supervisor of Home
Economics Clubs for the State Department of Agriculture.

NOTICE

To school teachers of Corpus Christi Independent School District:

The Institute that is to be held on September 2, 1918, will be held jointly with Nueces County teachers. It will be necessary that all teachers of this district assemble at the High School building on Monday, September 2, at 8:30 a.m., Secretary School Board.

Dance at Nueces Hotel

The usual weekly dance given on Saturdays at the Nueces Hotel was especially enjoyed last Saturday evening.

A number of visiting officers from Brooks and Ellington fields were present, as well as a number of Corpus Christi people.

DIZZY SPELLS

Relieved After Tak Two Bottles Of Cardui, Says Tennessee Lad

Whitwell, Tenn.—Mrs. G. P. Cartwright of this place, writes: "About four years ago the dizzy spells got so bad that when I would start to walk would just pretty near fall. I wasn't past doing my work, but was very much run-down.

I told my husband I thought Cardui would help me, as a lady who lived next door to us had taken a great deal, and told me to try it. This was when we were living in Kentucky.

My husband got me a bottle and I took it according to directions. It helped me so much that he went back and got me another bottle. I got a whole lot better and just quit taking it. I got over the dizzy spells... I took no other medicine at that time nor since for this trouble. No, I've never regretted taking Cardui.

I felt just fine when I finished the second bottle."

Purely vegetable, mild and gentle in its action, Cardui, the woman's tonic, may be the very medicine you need. If you suffer from symptoms of female trouble, give Cardui a trial. All druggists.

NO-12

President Postmaster A. E. Dittmar has requested the Caller to call the attention of those who correspond with American soldiers in France to the fact that in addressing a letter to one of the boys no specific address can be used. Merely address the letter to the soldier, giving the number of his company and regiment and add "American Expeditionary Forces," and it will go direct to the party addressed.

Labor Day was observed quietly in Corpus Christi. The day would have passed off uneventfully except for the closing of the banks, public buildings and the businesses. The labor situation is so acute that the union leaders deemed it wiser to remain in their homes for the holiday than to remain idle, and for this reason no general protest was arranged.

J. A. Barnes, real estate agent, has moved his office to the Jones Building, 511 Starr street, immediately east of the federal building.

Born Monday to Mr. and Mrs. Curtis Clark, who reside at 104 Thirtieth street, a seven pound son.

Born Monday to Sergeant and Mrs. Francis Cameo Simpson, a son. Sergeant Simpson is with the 36th division in France. His wife, nee Miss May Lester, has apartments at the Tourist Hotel.

Colonel David M. Picton, chairman

of the Liberty Loan Committee for Nueces County, was notified Monday that a meeting of the South Texas柔道会 will be held with Fred V. Hooper of the Federal Reserve Bank.

President and Wife Help in Conservation of Gasoline

WASHINGTON, Sept. 2.—The presi-

dent and Mrs. Wilson drove to church

today behind a pair of handsome bays,

observing the fuel administration's ban upon the unnecessary use of au-

tomobiles on Sunday. Servicemen

men, who usually trail the president

on m. cycles, were along in a car-

pool classified pay.

Don't Chloroform Your Business Prospects

SUPPORT THE WAR ---but sell your wares.

Protect your future by making the most of present opportunities. Keep your store before the public, so when people get ready to buy they will have your place of business in mind.

Good salesmanship will help—honest value will help—advertising will help most of all.

You may have to retrench somewhere, but don't skimp your quality or lessen your service. And allow no man to dissuade you from advertising, unless you want to chloroform your business.

We are always ready to discuss advertising service and selling plans with responsible advertisers.
